COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In response to the Notice of Allowance mailed June 2, 2006, please enter the following:

-2-

REMARKS

The Examiner has stated in the Examiner's statement of reasons for allowance the following: "[t]he prior art fails to explicitly disclose a manner (speed) in which database synchronization is executed is based on threshold value amount, wherein the occurrence of when data is not synchronized between the first and second table are tracked, values associated with the data are identified and the values are processed to determine if the threshold value amount is exceeded."

In response, applicant points out that the independent claims are not limited to each of the features that the Examiner has highlighted above. Specifically, independent Claims 1, 5, 19 and 20 require:

"wherein a manner in which the synchronization is executed is based on the threshold value amount."

Clearly appellant claims "a manner in which the synchronization is executed," which may include, but is not limited to a speed in which database synchronization is executed, as the Examiner notes (emphasis added). Moreover, appellant asserts that simply nowhere in independent Claims 21 and 23 is there any requirement that "a manner (speed) in which database synchronization is executed is based on threshold value amount."

In addition, applicant respectfully points out that independent Claim 5 requires: "wherein occurrences of when the data is not synchronized between the first table and the second table are tracked, values associated with the data are identified, and the values are added to a sum to determine if the threshold value amount is exceeded."

Claim 5 does not specifically state "wherein the occurrence of when data is not synchronized between the first and second table are tracked, values associated with the

-3-

data are identified and the values are processed to determine if the threshold value amount is exceeded," as the Examiner notes (emphasis added).

In the event a telephone conversation would expedite the prosecution of this application, the Examiner may reach the undersigned at (408) 505-5100. For payment of the fees due in connection with the filing of this paper, the Commissioner is authorized to charge such fees to Deposit Account No. 50-1351 (Order No. AMDCP011).

Respectfully submitted,
Zilka-Kotab, P.C.
